

## Detail Detectives

The house you just visited and almost everything in it belonged to two brothers, Philip and Abraham Rosenbach. Philip and Abraham loved collecting things, especially books and fancy furniture. After they died, they wanted their house to turn into a museum and library so lots of people could see the cool stuff they collected. We hope you enjoyed seeing their house today!

We need your help to solve  
a mystery!

Someone took pictures of their favorite things in this house. But we can't figure out what they are! While you walk through the house today with your guide, see if you can match up the pictures in this book to the things in the house. Good luck!

You  
did it!  
(put your  
sticker here)

Find all these objects in the house and get your Detail Detectives sticker!

**And remember:  
Look with your eyes  
not with your hands!**
