

## Access to Medical Care

Level: Grades 3-12

This is a letter that was written by a government official to staff at a Mexican hospital in 1822. He asks that they treat Mexican natives in the same way they treat everyone else.

Read the letter carefully and then imagine you have to give a speech at a big doctor's meeting trying to convince them that they needed to treat patients who were born in Mexico in the same way they treat patients from everywhere else. What would you say to convince them to do what you ask?

The Esteemed Secretary of the State and of the Office of Interior and Exterior Relations, has communicated the following to me on the 6th of this month:

Esteemed Sir: The Regency of the Empire has served me the following decree:

The Regency of the Empire, interim Governor for lack of the Emperor, to all who are present and who understand: Let it Be Known: That the Sovereign Provisional Government has Decreed the following:

The Sovereign Provisional Government has taken into consideration the exposition that the Esteemed Provincial Deputy of this Corte has made about the gravity of the towns of the Empire that serve the Ministries, through the Hospital, through the Community Chest, has decreed, and decrees:

First. The Contributions of the Ministry, the Hospital, and the Community Chests, through the lack of utility of their functions until today, have injured the Indians again all forms of justice.

Second. The Regency will take charge of all the buildings, structures, and objects of the establishment of the Hospital of the Indians.

Third. The Regency gives the order that all Hospitals admit sick Indians just as in all other citizens.

The Regency understands that all will be done to complete these orders, including printing, publishing, and circulating.
